The institution appreciates that Congress and the President have made these critical funds available for eligible students who have expenses related to the disruption of campus operations due to the coronavirus pandemic. We take receipt of these federal funds seriously and are distributing them in accordance with the CARES Act and implementing guidance. The institution is making the below information available for transparency purposes and in compliance with the U.S. Department of Education's ("Department") Federal Register Notice, published on August 28, 2020 revising the Department's original May 6, 2020 Electronic Announcement.¹ For questions or concerns regarding this Fund Report, please contact **Anna Panosyan, Director, Financial Aid**, at caresact@cbd.edu.

The information below represents student eligibility requirements and award calculation methodology used for the disbursement of funds received from the Department pursuant to the institution's Certification and Agreement for Emergency Financial Aid Grants to Students. The institution first distributed the application for Emergency Financial Aid Grants to Students on May 8, 2020 and subsequently distributed the grants to eligible students. Students who did not apply for a grant through the initial disbursement of funds, were able to apply to receive funds from the remainder of the allocation for Emergency Financial Aid Grants to Students. CBD College distributed the application for Emergency Financial Aid Grants to Students on August 17, 2020. In accordance with guidance issued by the Department of Education on June 16, 2020 titled Supplemental Frequently Asked Questions under Section 18004 of the CARES Act (subsequently revised) CBD College distributed the remainder of its student allocation using the same distribution formula as the initial distribution.

CBD College requires that students submit an application to determine eligibility for CARES Act/HEERF grant. Not all who apply may receive a grant.

CBD College understands that students have been differently impacted by the disruption of campus operations due to coronavirus. The institution has established a maximum funding threshold for eligible students to ensure that these funds are distributed as widely as possible. In order to prioritize the limited funds that are available and proportionally allocate more to those who have incurred more expenses, CBD College has created a tiered grant amount program. The grant amount that each eligible student receives is calculated based on a scoring methodology that accounts for demonstrated financial need/incurred expenses related to the disruption of campus operations due to coronavirus, as represented by answers on the grant application (on the four expenses-related questions), and on demonstrated financial need (Estimated Family Contribution) as reported on FAFSA submissions, as applicable.

CARES Act grant amounts
\$1500 (maximum funding threshold)
\$1200
\$900
\$750
\$400

Student Eligibility Requirements:

- Student is in an active or in a Title IV approved leave of absence enrollment status
- Student is meeting Satisfactory Academic Progress standards
- Student is enrolled in an on-ground certificate, diploma, or degree program

Grant Denied Email to Student- No Incurred Expenses

Dear Student,

CBD College has reviewed your recent application for CARES Act/HEERF grant funds. We understand that students have been differently impacted by the disruption of campus operations due to coronavirus. As such, the selection process gives priority to the students with the highest demonstrated need and limits grant amounts to ensure that funds are distributed widely to as many students as possible. As articulated on the grant application instructions, awards are based on self-certified demonstrated need, as represented by the answers provided on the application, along with demonstrated need as reported on FAFSA submissions, as applicable. However, not all who apply may receive a grant.

Unfortunately, you do not qualify for a grant under this program as your application responses indicate that you have not incurred any expenses related to the disruption of campus operations due to coronavirus.

Should you have any questions and/or your situation changes in the future, please reach out to CBD College's Financial Aid Department to discuss other options for assistance that may be available to you.

Sincerely,
CBD College

Grant Denied Email to Student- Not Title IV Eligible

Dear Student,

CBD College has reviewed your recent application for CARES Act/HEERF grant funds. The Department of Education has established rules for schools to follow when making grants under this federal program. Pursuant to those external guidelines, only students who meet federal financial aid (Title IV) eligibility requirements (e.g., no unresolved comment code for citizenship/residency, selective service, default, overpayment, etc.) are eligible for a grant under the program.

Our records indicate that currently you are not Title IV eligible, which regrettably disqualifies you to receive a grant.

Should you have any questions and/or your situation changes in the future, please reach out to CBD College's Financial Aid Department to discuss other options for assistance that may be available to you.

Sincerely,
CBD College

Student Application for the CARES Act / HEERF Grant

As part of the CARES Act/HEERF, the Department of Education has allocated funding for CBD College for direct emergency financial assistance for eligible students. Per federal guidelines, only students who are or could be eligible to receive federal Title IV financial aid may receive CARES Act/HEERF grants. Unfortunately, federal guidelines do not allow these funds to be used for undocumented students, those who have already graduated, are non-matriculated or are enrolled in exclusively distance education programs. These funds will help cover students' COVID-19 related expenses such as food, housing, course materials, technology, healthcare, and childcare. CBD College is eager to provide those grants to you. We understand that students have been differently impacted by the disruption of campus operations due to coronavirus. We've established a maximum funding threshold for eligible students to ensure that these funds are distributed as widely as possible. In order to prioritize the limited funds that are available and proportionally allocate more to those who have incurred expenses and have the greatest financial need, we've created a tiered grant amount program. The grant amount that each eligible student will receive will be calculated in part based on demonstrated incurred expenses as represented by your answers on this application as well as on demonstrated financial need as reported on FAFSA submissions. Please note that based on the information that you provide in this application, you may additionally qualify for professional judgment adjustments to your financial aid, as applicable. CBD College's Financial Aid Department will contact you with further information.

All applications for the CARES Act/HEERF grant are due by 5:00PM PST on August 20, 2020.
